

MOBILE FUEL STORAGE

Fuel storage

10 m³

Double-walled tank, 10,000-litre capacity

MAIN FEATURES

- Leak detection system
- Fuel level measurement
- 2 × 10 m flexible hose with quick couplings
- Fire extinguisher

PARAMETERS

Tank capacity [l] **10 000**

CONNECTIONS

Filling nozzle **3"**

Supply from oil tank **½" quick coupling**

Supply from oil tank **1" quick coupling**

Return to oil tank **1" quick coupling**

TECHNICAL PARAMETERS

Transport dimensions (L × W × H) [mm] **6058 × 2438 × 2591**

Transport weight [kg] **5500**

Operating weight [kg] **14 100**

FUEL

Light heating oil

Diesel
